

ALTER EMBARGO ALONG BORDER.

Ban Lifted on Everything
but War Munitions.

Villa's Army Can Now Get
Much Needed Clothes.

Ruling Allows Mining Camps
to Procure Supplies.

(BY A. P. NIGHT WIRE.)
EL PASO (Tex.) May 4.—Additional instructions received along the border today, by customs officials and army officers guarding the border placed a much more liberal construction on the embargo on arms. The ban has been lifted on everything with the exception of guns, ammunition, explosives, and aeroplanes.

This ruling will allow the entry into Mexico under proper importation of uniforms, shoes, saddles, horses, feed, coal, coke and other articles hitherto on the embargo list. It is thought this will increase activity along the border, in both peaceful and warlike pursuits.

Gen. Villa's army having undergone recent severe campaigns, is greatly in need of hats, shoes and uniforms. Shipments of these goods held in El Paso, under the former interpretation of the embargo, now may be forwarded to Torreón for use in the campaign under way against Saltillo and Tampico.

The entry of coal, coke fuel oils and other supplies used in the operation of mining properties will afford relief to thousands of Mexicans in the mining camps of Sonora and Chihuahua, whose condition has been an acute source of worry to the Constitutionalists. When the Americans in Sonora and Chihuahua closed their mines and smelters and crossed the border thousands of Mexican laborers thrown out of employment. They had no opportunity to purchase provisions, even if they had money, as the majority of the stores are operated by the mining companies, which declined to renew their supplies while the mines were idle.

The lifting of the embargo on mining supplies probably will remove the necessity for famine measures which the Constitutionalists already have undertaken.

FOOD SENT TO CANANEA.

Commander of Rebel Garrison in Sonora Relieves Suffering of Unemployed Mexicans at Mine.

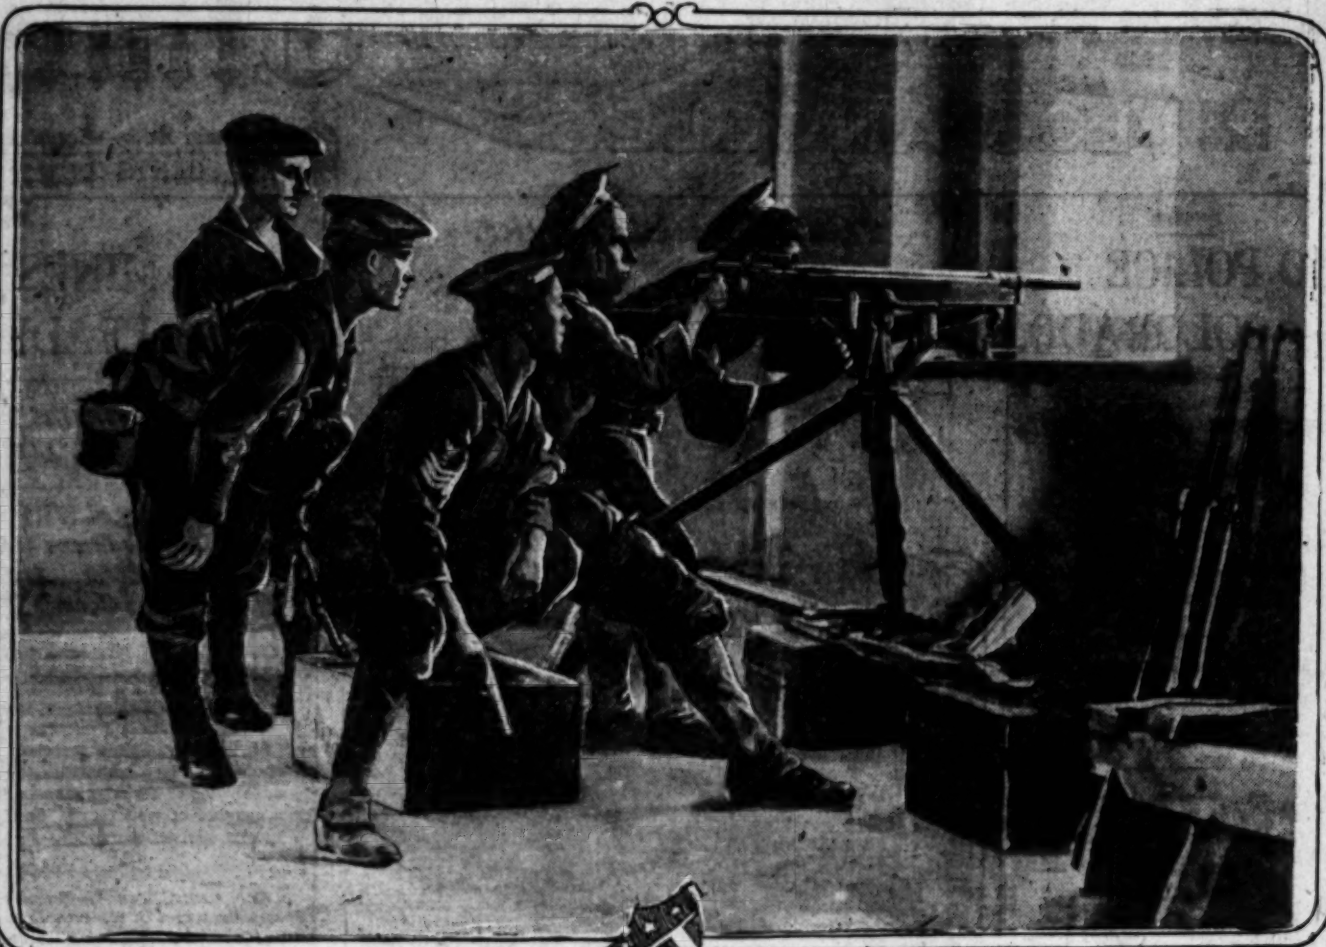

(BY A. P. NIGHT WIRE.)
DOUGLAS (Ariz.) May 4.—Col. P. Elias Calles, commanding the garrison of Sonora, has sent a trainload of provisions to relieve the suffering of the Mexicans out of employment through the closing of the mines at Cananea. The Constitutionalists officials expect an announcement from the Cananea Consolidated Copper Company May 6 as to whether the mines and smelters will be opened at once.

Fourteen Americans left for Nogales today. They were among those who left Mexico last week at the instance of the United States State Department. A number of others have asked for passports and will leave Wednesday.

Fully 100 Americans have returned to Sonora within the last three days. Some of them were without money and preferred to return to their jobs in the mining camps rather than await more definite assurance of safety.

Because of apprehension among foreigners over the outcome of the celebration of May 5, the Mexican independence day, Col. Calles, of the Constitutionalists, has issued strict orders for the suppression of any anti-foreign demonstration.

The American Fighting Face at Vera Cruz.

(Copyright, 1914, by E. F. Weigle, all rights reserved.)

Bluejackets operating rapid-fire gun.

This photograph taken on the scene at Vera Cruz shows one reason why the Mexicans who were picking off our marines and sailors were dislodged in such a short time. The squad shown is putting to good use its many months of practice, and is operating a machine gun with unerring precision from the interior of a building across the street. Notice the countenances of the young men operating the machine gun—the American fighting face in Vera Cruz! Cheerful, hopeful, loyal and unafraid!

Ruse de Guerre.

PENS HIS MEN IN WIRE FENCE.

MEXICALI COMMANDER FULL OF
STRATEGIC SCHEMES.

By Charging His Breastworks
With Electricity, Col. Lajero Is
Not Only Able to Prevent His Sol-
diers' Desertion, but Also Has De-
fense Against the Gringos.

(BY WIRE—EXCLUSIVE DISPATCH.)

CALEXICO, May 4.—Col. Juan Lajero, jefe de Armas of the Mexical district, is taking every precaution to make a stronghold out of the Mexical garrison. Electric entanglements consisting of highly charged barbed wires are being strung all the way around the garrison and the bull ring, which now is used as a barracks. This move on the part of the Mexican commander might be to provide a dangerous obstruction to a possible enemy or to pen in the band of soldiers who are cooped up in the bull ring and garrison. Every day the little colonel devises some new means of defense and endeavors to checkmate every strategic move on the part

of Capt. James G. Harbord in command of the United States cavalry.

Considerable tension is felt here over the forthcoming celebration of Cinco de Mayo, the Mexican independence day commemorating the victory of the Mexicans over the French at Puebla, Mexico, in 1862. This day being one of rejoicing and celebration, there is much feeling here regarding a possible outbreak.

Conservative persons who are in close touch with the movements of the Mexicans say that their force now numbers approximately 700, of which 230 are reinforcements, 100 volunteers or in other words conscripts, and 370 regulars. Various means have been adopted by the Mexican authorities to recruit their ranks with rebels who live on this side of the line. Copies of the proclamation of Gov. Francisco Vasquez, containing the decree of Huerta giving amnesty to rebels, were posted in Calexico today and were quickly torn down when the Spanish was translated into English.

The machine gun platoon of the First Cavalry is expected to arrive here early in the morning. This platoon includes twenty-four men, twenty-eight horses and two machine guns of very latest type, with a capacity of three shots per second.

Lascruain Disappears.

(BY A. P. NIGHT WIRE.)
MEXICALI, May 4.—Pedro Lascruain, a wealthy real estate man, who was Minister of Foreign Affairs in the Cabinet of the late President Madero, disappeared today.

Maas Mines Railroad.

(Continued From First Page.)

were practically eliminated from proceedings of the South American envoys who have undertaken to solve the Mexican problem by diplomacy.

In a telegram to Gen. Carranza, the mediators announced that in view of his refusal to agree to an armistice with Gen. Huerta, they withdrew their invitation to him to send a personal representative to participate in the mediation negotiations.

The mediators told the Constitutionalists that as long as he maintained his present attitude they must decline to treat with him. Gen. Carranza had inquired in a note to the mediators what subjects a special representative might be required to discuss, pointing out that if the general problem of pacifying Mexico were to be approached he could not separate anyone to participate in the negotiations. He reiterated that he would consent to mediation only on the incidents which had brought about a controversy "between the United States and Mexico," holding that he was the constitutionally chosen leader to whom complaint about the insult at Tampico and other offenses originally should have been made.

In their telegram tonight the mediators quoted Carranza's last note to them, adding that as long as he maintained that attitude, they must decline to receive a representative from him as they could not separate the incidents at Tampico and elsewhere, which had brought about a controversy between Mexico and the United States from the general subject of pacifying Mexico.

Earlier in the day it became known that the mediators were limiting the privilege of sending a special representative to participate in peace negotiations whenever he was willing to arrange an armistice with Huerta.

This new turn in events ended, in the view of the mediators, the problem of solving the entire Mexican problem immediately though it did not lessen the enthusiasm of the mediators, who were instructed to refuse the request for an armistice made by Gen. Carranza, the Federal commander. Gen. Carranza, in transmitting to his chief the request for a truce, did not state on what grounds the request for a respite in the fighting was based.

Persistent rumors continue to arrive by wire from Monterey that the Federals are preparing to evacuate Saltillo and make their last stand at San Luis Potosi. A message received today dated Monterey, May 2, stated that the Federals were loading troop trains for departure at that time.

The railroad has been repaired from Monterey to Altamira, a station within five miles of Tampico and reinforcements to Caballero's forces are being shipped to that point.

Gen. Fidel Avila, chief of arms of Juarez, has made preparations for a parade and review of the garrison tomorrow in celebration of the "Cinco de Mayo," or Mexico Independence Day. The holiday celebrates the defeat of the French by Gen. Zaragoza and Diaz at Puebla May 5, 1862.

CABALLERO SPURNS ZARAGOZA'S OFFER.

(BY A. P. NIGHT WIRE.)
JUAREZ (Mex.) May 4.—Gen. Luis Caballero, in command of the Constitutionalists forces before Tampico, has been instructed to refuse the request for an armistice made by Gen. Zaragoza, the Federal commander. Gen. Caballero, in transmitting to his chief the request for a truce, did not state on what grounds the request for a respite in the fighting was based.

Cyclones and Floods.

(Continued From First Page.)

day and today on the South Canadian and Cimarron rivers in Western and Southern Oklahoma. Twelve large railroad bridges and one wagon bridge fell into the waters, and bottom-land crops for hundreds of miles along the Canadian and 200 miles along the Cimarron were destroyed.

The reported death of W. F. WARNER of El Reno, a bridge superintendent of the Chicago, Rock Island and Pacific Railroad, was reported today.

W. F. NOLAN of Geary, employee of Rock Island Railroad, and LEO LININGER of Geary, bridge carpenter, were reported today.

The three lost their lives when the Rock Island bridge at Bridgeport gave way.

Train service through the State, east and west, has been paralyzed. It is reported the Rock Island's loss will exceed \$200,000 and damage to other roads will total \$200,000. Telegraph and telephone service has been at a standstill in many sections. Damage to crops probably will run into the hundreds of thousands of dollars.

KANSAS FLOODS

DROWN THREE.

(BY A. P. NIGHT WIRE.)

MOSCOW (Kan.) May 4.—Word received tonight told of the drowning of three persons near here in floods caused by the Cimarron River, which began to recede today after reaching the flood stage. The flood crippled telegraph service and cut Moscow off from communication with the outside world. The rise in the river followed a rainfall last week of three and one-half inches in southwestern Kansas. The Cimarron spread from its banks over the town and at several places was a mile wide.

WASHOUT DELAYS TROOP TRAINS.

(BY A. P. NIGHT WIRE.)

LITTLE ROCK (Ark.) May 4.—Seven trains of the Eleventh Cavalry, which passed through Little Rock yesterday, were delayed by a washout on the Rock Island Railroad near Bridgeport, Okla. The Canadian River, swollen by heavy rain, carried out a bridge, occasioning several hours' delay to the troop trains. The trains were detained.

FOUR IOWANS DIE IN SEVERE STORM.

(BY A. P. NIGHT WIRE.)

CHICAGO, May 4.—Northeastern Iowa and Northwestern Illinois were swept last night by a severe wind and rainstorm, which in some places assumed the proportions of a tornado. Four deaths from the storm were reported, and stories of farmhouses and barns overturned and orchards devastated were received from points in the wind-swept area.

Many points from the Mississippi River to Lake Michigan today were deluged with rain.

CALVIN BRIDGE WASHED AWAY.

(BY A. P. NIGHT WIRE.)

WICHITA (Kan.) May 4.—After two trains, bearing members of the Eleventh Cavalry from Ft. Oglethorpe, Ga., to the Colorado strike zone, had passed over the Rock Island bridge spanning the Canadian River at Calvin, Okla., today the structure was washed away.

The remaining five sections were held up beyond Calvin and were transferred to the Santa Fe Railroad at Ardmore, Okla., tonight.

Diarrhea may be cured without loss of time by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy.

RYAN ARRIVES AT MEXICO CITY.

Brazilian Ambassador Takes
Charge of American.

Three Hundred Others Are
Preparing to Depart.

Huerta Declares All Will Be
Given Protection.

(BY A. P. NIGHT WIRE.)
MEXICO CITY, May 4.—Dr. Edward Ryan, the American who had been recently condemned to death at Zacatecas, arrived here late last night. His whereabouts was uncertain until today.

Dr. Ryan was taken from the train by a strong guard of soldiers, which accompanied him and conducted him to the National Palace.

He had been expected to reach here on Saturday, and the delay in his arrival caused some anxiety.

Today at the National Palace it was stated that Dr. Ryan would be handed over this evening to the care

of the Brazilian Minister, who was after the interests of the United States and who would have him on board a train bound for the United States.

Hundreds of foreign correspondents poured into the city. A number of them were carrying cameras to take pictures of Dr. Ryan. The Brazilian Minister, who was after the interests of the United States and who would have him on board a train bound for the United States.

President Huerta today declared that all Americans would be given protection.

Sir Lionel Carden, the British minister, has received urgent requests for military escorts from isolated points of Americans.

WASHINGTON, May 4.—President Wilson plans to go to Brazil Monday and meet the Brazilian president, bringing back the news of the American marines killed at Vera Cruz, and deliver an address on public business before the Congress.

Secretary Daniels said he would make the trip to New York to attend the funeral services of the sailors and marines on the Mexican yacht Mayflower, which was sunk Saturday night. He is the funeral ship Montana of the United States Navy.

At the same time the military part of the situation became increasingly prominent among Gen. Huerta's renewed demands by Mexican Federal outposts for the removal of the watersupply supply lines. No shots were fired as the Mexicans retreated. But Gen. Huerta's course was justified by the joint resolution of Congress. Reports of the desperate condition of Huerta at Mexico City continued to circulate, and with such circumstantial detail from authentic sources as to leave no doubt of his critical condition.

of the Brazilian Minister, who is leaving after the interests of the United States and who would later on board a train bound for the United States.

Hundreds of foreign refugees are pouring into the city. A special train was arranged by the Brazilian Minister to carry Americans to the United States from the capital. Three hundred Americans are preparing to depart. A number of British subjects will also board the train.

President Huerta today again promised that all Americans would be given protection.

Mr. Lionel Carden, the British Minister, has received urgent appeals from military experts from isolated groups of Americans.

WILSON TO MEET MONTANA.

Unless Public Business Interests the President Will Deliver an Address Over Vera Cruz Deal.

(BY A. F. NIGHT WIRE.)

WASHINGTON, May 4.—President Wilson plans to go to Brooklyn on Monday and meet the Montana, which is bringing back the bodies of the American marines, killed at Vera Cruz, and deliver an address. The public business requires the presence of President Wilson in Washington, Secretary Daniels will make the trip to New York to attend the funeral services of the sailors and marines on the presidential yacht Mayflower leaving early Saturday night. He will make the funeral ship Montana, the Virginia capes and escort her to the New York Navy Yard.

Further Orders Issued to Move Troops.

(BY A. F. NIGHT WIRE.)

WASHINGTON, May 4.—Mexican troops moved rapidly today to the American border, and the presence of President Wilson in Washington, Secretary Daniels will make the trip to New York to attend the funeral services of the sailors and marines on the presidential yacht Mayflower leaving early Saturday night. He will make the funeral ship Montana, the Virginia capes and escort her to the New York Navy Yard.

MONEY PROBLEM AT VERA CRUZ.

ARMY MAN EVOLVES PLAN TO RELIEVE STRINGENCY.

WASHINGTON, May 4.—The Mexican money problem at Vera Cruz is being solved by a plan evolved by an army officer.

BY GEORGE ADDISON HUGHES.

(BY MEXICAN CABLE AND NIGHT WIRE—EXCLUSIVE DISPATCH.)

VERA CRUZ, May 4.—The fertile brain of the American army officer has again come to the rescue of the Mexican residents here, and as a result the financial stringency, which has been so long a source of trouble, is being relieved.

Gen. Grevy Dies in Paris.

PARIS, May 4.—Gen. Paul Louis Jules Grevy, a former member of the French Senate, died here today, aged 82. He was a brother of Francis Jules Grevy, who was President of the French Republic from 1879 to 1887.

COLORADOANS ASK STATE PROHIBITION.

(BY A. F. NIGHT WIRE.)

DENVER (Colo.) May 4.—A petition requesting that a proposal for State-wide prohibition be placed on the ballot next November was presented to the Secretary of State late today. Secretary Pearce rejected the petition on the ground that it was not in proper legal form, inasmuch as it did not conform to the provisions of the laws enacted a year ago.

ELEVENTH CAVALRY TO ARRIVE TODAY.

(BY A. F. NIGHT WIRE.)

TRINIDAD (Colo.) May 4.—Major A. Holbrook said tonight that Col. James Leach, commanding the Eleventh United States Cavalry, would reach Trinidad at 7:30 o'clock tomorrow morning to take supreme command of the Federal forces in Colorado.

ITS RAINING PIANOS!

Eilers Retires from Business

I'm going back to Oregon

Every Home Can Have Good Music Now!

What a boon this Closing-Out Sale is to the discriminating people of Los Angeles! No matter what your favorite make of piano may be, you can find it in this Big Sale now, nearly all of them brand new, some slightly used and some second hand.

I could ship these pianos to one of our Northern houses, but that would mean added expense, freight charges and risk of damage, and the instruments would still have to be sold. So we pocket our loss by selling them right where they stand for what they cost us, or even a little less than that, to get rid of them without further loss of time.

I want every reader of The Times, who really wants a piano, to come into this store, pick out whatever instrument most appeals to him or her, make me an offer on it, and if the terms offered are anywhere within the bounds of reason, I will accept them immediately. In other words, each purchaser may name practically his own terms.

Special for Well-to-Do Homes

Cash Not Necessary—Pay When Convenient

The finest \$1250 hand-made, true mission design, highest grade baby grand.

Other baby grands, also brand new, only \$435, \$415 and one for even \$300. We must get rid of them.

First mottled mahogany latest catalogue style \$600 Steinway upright, slightly used but not to be sold from new, received in part payment for our player piano de luxe.

Other Steinway uprights used, of course, for only \$135, one for even \$100.

Our \$1100 Weber Pianola Piano, used slightly for demonstrating, sale price elsewhere \$620.

Free music rolls are supplied with every player piano included in this sale.

Callouses, Positive Cure

Also Corns and Sore Feet

This information will be welcomed by the thousands of victims of daily foot torture. Don't waste time. Try it at once no matter how many patent medicines you have used. This treatment, well known to foot doctors, will do the work.

Dissolve two tablespoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts. The effects are marvelous. All pain goes instantly and the feet feel simply delightful. Corns and callouses can be peeled right off; bunions, aching feet, sweaty, stinging feet, get immediate relief. Use this treatment a week and all your troubles will be a thing of the past. Calocide works through the pores and removes the cause. Get a twenty-five-cent box from any druggist. Calocide prepared only by Medical Formula Co., of Dayton, Ohio.

Gen. Refugio Velasco

(Continued From First Page.)

serve the district around Vera Cruz beyond the line of American outposts are said to have discovered the locations of about 500 Mexican soldiers holding scattered positions. A watch is being kept on San Francisco bridge, about twenty-five miles out on the Inter-Oceanic Railway, the aviators making daily flights in that direction.

READY FOR ZAPATISTAS

The military situation in Vera Cruz is unchanged, but rumors of the possibility of an attempt by adherents of Zapata to strike at the American outposts have caused preparations to be made to meet any such movement.

On the approaching naval pay day it is estimated that \$500,000 in gold will be distributed among the men of the official steps to prevent extortion of the enlisted men will, it is thought, most likely be taken by the authorities.

It was stated today that Gen. Huerta had agreed to permit a group of American mine owners to move out of Mexico approximately \$5,000,000 of gold from the coast, and had promised a guard to any port they might select.

The report that Gen. Huerta was fortifying the Federal capital is said to have originated in a recent movement of a large quantity of small arms and ammunition from Manzanillo on the Pacific Coast.

Local Spanish newspapers in Vera Cruz now come out boldly against Gen. Huerta and are publishing portraits of the late President Madero, whom they call a national hero.

Many country folk are moving in toward Vera Cruz so as to obtain the protection of the American troops.

MEXICAN POLICE FORCE

Col. Plummer is endeavoring to re-establish a Mexican police force to deal with all ordinary cases so far as possible, the provost guards being used as a reserve. It is not intended to abolish bullfights or lotteries nor to interfere with the customs and amusements of the people.

The first serious case to be treated by Surgeon Althea W. Williams in field hospital No. 2 was that of Lieut. Donald B. Sanger of the Nineteenth Infantry, a native of Massachusetts, who was operated on for appendicitis and is said to be doing well. The hospital today had nineteen patients, most of them from slight ailments due to the change of climate and the heat.

HABEAS CORPUS REFUSED

Application of **Murderer, Serving Long Sentence, Who Violated Parole, Turned Down by Judge.**

SAN RAFAEL, May 4.—Superior Judge Edgar Zook refused today the application for a writ of habeas corpus filed by W. J. Stanton, who is serving a term of twenty-five years in the California State Prison for murder, committed in Alameda county in 1898.

Stanton was paroled in 1903, but was recommitted in 1905, because he violated his parole in patronizing a saloon. His application, filed several weeks ago, was based on the contention that the board of Prison Directors, in revoking his credits, had not shown that he entered the saloon with violent or evil intent.

NOT FOR THE MAN IN MEXICO,

But the Man Who Stays Behind

Is This Editorial Written

It's of no importance to the man in Mexico to read this editorial, but if you are one of the many men who enjoy spending a Sunday or the week and away from home it's to you this is written. It is only proper that you be neatly and correctly dressed. Perhaps you had not thought of the fact that it was possible to improve your appearance these days when the cost of living soars high and the strictest economy must be practiced. If you have such an idea—forget it.

The Palace Clothing Company, 323 South Spring Street, has purchased the J. R. Reed stock of furnishings from the Creditors' Assignee, at 55c on the dollar.

This wonderful stock is all highest grade merchandise, such as you usually find in exclusive Men's Furnishing Stores. You get the best of the spring season's styles in Shirts, Hose, Neckwear, Underwear, Gloves, Garters, etc., at prices unequalled at even the tag end of the season in "Clean-Up" sales. Of course, there will be crowds of enthusiastic purchasers, but you will be quickly waited on and be able to secure big bargains if you come early.

In addition there will be many bargains in Men's New Spring Suits that no man can afford to pass up. Read over the items following and you will wonder how it is possible for any concern to sell merchandise so cheap. But the answer is, the stock was bought cheap. Now is the time to buy a complete outfit for less than half what you expected to pay.

The store opens at 8 o'clock tomorrow morning and will no doubt be filled with eager purchasers of gent's furnishings who are well acquainted with values when they see them. Below is given a partial list of the goods purchased, the ordinary price and the price asked:

Extra Special—Suits formerly priced at \$20 and \$25 to be closed out at \$9.75.

Men's Suits marked down one-half. Former \$15 value suits, \$7.50; \$20 value, \$10; all former \$25 suits, \$12.50, and \$30 men's suits and overcoats going at \$15. Latest styles, newest patterns.

Men's Shirts—75c and \$1 grades, in new goods, 35c; \$1.50 silk madras shirts, 65c; \$1.25 and \$1.50 Ascots, Monarch brand, etc., 75c; \$2 new spring patterns, only 85c; \$3 silk pongee, \$1.65; Arrow and other high-grade brands, \$1.25; \$2.50 Manhattan and Cluett, only \$1.15.

Neckwear—25c new patterns, 15c; 50c ties, 35c; 75c and \$1 ties, 45c; \$1.50 silk ties, 75c.

Hose—Silk like, 25c value, only 12 1/2c; 50c values at 25c; 75c men's hose, 39c; \$1 half hose, 65c; \$1.50 values at 75c.

Suspenders—50c values for 25c; 75c and \$1 values, 45c.

Gloves—\$1 gloves, 49c; 50c gloves, 25c; \$1.25 gloves, 69c; \$1.50 and \$1.75 gloves, 98c; Perrin's \$2.50 values at \$1.45.

\$2 leather collar bags, \$1.15.

Underwear—50c Porsuknit and balbriggan, 25c; \$1.00 Cooper's spring needle, 65c; \$1.50 Cooper's Clantonville silk, 85c; \$2 wool Cooper's spring needle and silk, \$1.25. Union Suits—\$1 value only 69c; \$1.50 and \$1.75 union suits at 98c; \$2 values, \$1.25; Dr. Wright's Health Underwear, \$3 values for \$1.45.

Hats—\$2 values now \$1.15; \$2.50 and \$3 values, only \$1.35; \$3.50 values, now \$1.95; \$4 and \$5 hats, \$2.45; \$6 value Stetson's and Roeloff's new style hats, \$2.65.

Night Shirts—\$1 values, 49c; \$2 pajamas and night shirts, 98c; \$3 values in pongee silk at only \$1.45.

12 1/2c handkerchiefs, 5c.

Men's Raincoats—Priestly cravenettes and Gabardines, \$25 values, \$12.95.

REMEMBER THE PLACE, 323 SOUTH SPRING STREET.—[Advertisement.]

NAVY YARD MEN PRAISED.

Secretary of the Navy Compliments Mare Island Officers and Employees for Rush Work.

VALLEJO (Cal.) May 4.—Capt. Frank M. Bennett, commandant of the Mare Island Navy Yard, received today from Josephus Daniels, Secretary of the Navy, a letter conveying the appreciation of the department to the officers and employees of the station for the excellent work performed here attendant upon rushing ships to the west coast of Mexico. The willingness of the men to work overtime, said Daniels, was particularly pleasing.

PREY OF FLAMES

WITHOUT CREW.

UNKNOWN STEAMER DISCOVERED NEAR CAPE RACE.

HALIFAX (N. S.) May 4.—An unidentified steamer, on fire from stem to stern, and with no signs of life on board, was discovered 300 miles south of Cape Race today, by the steamer Seydlitz, from Bremen for New York. Her position was given as latitude 41.27 north and longitude 51.07 west. The Seydlitz called by wireless for assistance and response came from the Franconia, fifty miles to the eastward and the Olympic, 200 miles to the west.

The Seydlitz circled around the burning vessel but the smoke hung so heavy about her that her name could not be distinguished.

As no small boats were discovered in the vicinity and as the Olympic had passed not far from the scene, twelve or fifteen hours before, it was believed that the unnamed vessel caught fire after midnight and that all hands were rescued by some ship which had no wireless.

So far as learned tonight, no steamer equipped with wireless reported herself in distress although part of a wireless message picked up from some westbound liner last night stated that she was having boiler and engine trouble and was making slow progress into New York.

BARKENTINE DISABLED.

(BY PACIFIC CABLE.)

HONOLULU, May 4.—The barkentine S. N. Castle, thirty-six days out from Makahala, South Sea Islands, with a cargo of phosphate for San Francisco, arrived here last night, leaking and disabled. Capt. J. H. von Dohnan and crew worked for ten days at the pumps after the seams of the vessel opened and were nearly exhausted when they arrived. The Castle held in full of water and her cargo is being unloaded here to make repairs.

TO STRENGTHEN FUNSTON.

In Case Reinforcements Are Needed Either Fourth or Sixth Brigade Will Be Sent to Vera Cruz.

WASHINGTON, May 4.—Either the Fourth or the Sixth Brigade of the second division of the army, both of whose headquarters are at Texas City, will follow Gen. Funston's brigade to Vera Cruz, if it is decided reinforcements are necessary. Both brigades are composed entirely of infantry, the Fourth of the Twenty-third, Twenty-sixth and Twenty-seventh, and the Sixth of the Eleventh, Eighteenth and Twenty-second regiments.

Col. R. L. Bullard of the Twenty-sixth Infantry is temporarily in command of the Fourth Brigade, and according to the original plan, Brig. Gen. Charles Bullard is at present in command of the North Atlantic Coast artillery district, was to take command of this brigade. Brig. Gen. Thomas P. Davis commands the Sixth Brigade and doubtless will accompany it to Mexico.

OLNEY ASKED TO HEAD BOARD

Wilson Names Three Currency Members.

Pacific Coast Is Likely to Furnish the Fifth.

Nominations Will Go to Senate in Few Days.

WASHINGTON, May 4.—President Wilson tonight selected three members of the currency board, who, together with the members of the Treasury, W. G. Madsen, Comptroller of the Currency, Skelton Williams, are to constitute the Federal Reserve Board.

All of those selected had not been accepted, so formal announcement will not be made for another two or three days. Four of the five to whom President Wilson has offered places are Richard Olney, ex-Secretary of the Treasury, and ex-President Cleveland, to be named by the board.

Paul Morris Warburg of New York, member of the banking trust of Loeb & Co., and Charles D. Walcott, president of the Union Trust Co. of Chicago, and former president of the National Bank of Commerce, are also members of the board.

W. P. G. Harding of Alabama, president of the First National Bank of Birmingham, and one of the leading bankers of the South, are also members of the board.

Dr. A. C. Miller of New York, a member of the faculty of the University of California, is at present assistant to Secretary Lane of the Interior Department. He is an expert on finance and has written extensively and taught the subject of currency.

The nominations will be sent to the Senate in a few days. As yet, Olney and Harding have not been accepted, but they would accept.

TO CONTROL BANKING.

Upon the new board will be the task of settling in money banking system of the country through the twelve reserve banks already selected. They will constitute the governing body which will regulate the twelve banks of currency. The President told his friends that he regarded Olney as the best man for the position, and that he had a personal representative with him in London today, urging him to do so.

The President is anxious that Olney should accept, and has a personal representative with him in London today, urging him to do so.

Should Mr. Olney decline, it is believed Mr. Harding or Mr. Walcott will be chosen to head the board.

While the White House will make no announcement, it is believed that the President has selected names of the first four members of the board, and that the principles which had guided him in making his choice.

Selected men from New England, New York, the Middle West, South and West, and the Pacific Coast, are the law, which specify that no two members of the board shall reside in the same State or Territory.

The President, according to those who were in his confidence, guided by no political considerations, has selected the best business men available. While the men mentioned are all Democrats, and they believed Warburg was a Republican, the President is a Republican and a friend of former President Taft.

DENMAN MENTIONED.

Another apparently authorized report was in circulation late today that William Denman of San Francisco, a close friend of Secretary Taft, was the Pacific Coast member who this was denied by the White House officials.

OLNEY WELL TRAINED

Mr. Olney was particularly well trained for the position of governor of the board because of his legal education and his familiarity with the world. He is 75 years old, and has been Secretary of the States from 1891 to 1895, and Secretary of State until 1897.

WHEELER A BANKER

Mr. Wheeler is 49 years old, has been a banker most of his life. He has been general secretary of the Chicago Association of Bankers, and was appointed by President Taft in 1911 a member of the commission on second-class mail matter, and has been president of the credit union of Chicago.

HARDING WELL EQUIPPED

Mr. Harding is 55 years old, and looked upon as one of the best bankers of the South. He is a member of large income and was a friend here, doubtless, of the bank, the First National of New York, in order to accept the position.

WARBURG BUSINESS MAN

Paul Morris Warburg is 45 years old, was born at Hamburg, Germany, and after graduating from the University of Berlin, received training with a Hamburg bank firm. In 1888 he came to New York, and in 1891 became a member of the Municipal Council of New York, and in 1901 became a member of the League of German Bankers.

RECOMMENDS CHAMBERLAIN

"I take pleasure in recommending Chamberlain's Cough Remedy to my customers because I have used it in it. I find that it cures the cough and call for it when necessary, and it is of such a nature that it is not a Montevideo."

LOS ANGELES

PART III

And "Kiddies," in "The Passing Show of 1913," which opened at the Majestic last night.

COL. BRAYDON LEAVES TOWN.

Head of Gaiety Companies Hies to Frisco.

Sid Harris to Go East on Secret Mission.

Lively Shows in Town to Stir Jaded Public.

BY GARDNER BRADFORD.

Col. Braydon, the man who put Henry W. Savage in the show business, and who is now the dominating force in the Gaiety companies, has been in town for a few days, and last night chased back to San Francisco.

No one seems to know just why he came down here, unless it was to count the Rock and Fulton receipts, and make sure that Sir Harris isn't wearing his famous suit again, and draw folks away from the box office.

And to make sure of this, Sid has been ordered to New York on a mysterious mission and is planning to be gone about six weeks. He says he is going to leave Tuesday.

Sid is so open about it that I expect he has settled with all his creditors, so have no hesitation in printing the news that he is going out of town.

And while little Sid hikes out one door, into the town has strayed a regular lamb. Or rather—

Well, I don't know exactly what to call her, but her name is Maybelle Beringer, and she is supposed to be the prettiest girl in the State of California.

Now don't all speak at once. I claim first chance, but since I have a head start, I don't mind stating that she is down at the Bristol.

They had a beauty contest in New York, and while back and in this, with all the beauties of the world competing, Maybelle won third place, but led her own State by unanimous vote. She can sing, too.

And speaking of people with reps, S. Morton Cohn, president of the Hippodrome Company, is back from a long trip east. He has been in town several days, but wanted to get a chance to get his breath before plunging into the turmoil of local affairs again.

And speaking of turmoil, did you go to Cline's Auditorium last night? I did, but I was out of luck. Guess they had a good show, but there wasn't a chance in the world to get in, on account of the crowd.

But the electric lights on the outside looked fine, anyhow, so I was repaid for taking the little side excursion off Broadway.

I dropped in to see "The Missouri Girl" at the Mason, too, and found it to be one of those good, old-fashioned melodramas, with the villain in a dress suit, the hero in a tatter and the heroine in rags. If you liked "Uncle Tom's Cabin," you will like "The Missouri Girl," though they are not the same except in class.

Had a gaudy chat with Walter Montague, the man who wrote "Twenty Minutes in Chinatown," now at the Hippodrome. Honest, he is remarkable. He comes out fat-footed that if an actor or producer makes mistakes he ought to be roasted, regardless of his feelings.

He doesn't believe, even, that the bad parts be glossed over, or left out, arguing that the only review any good for the actor or the public was the one that told the whole story without any varnish.

It all came about when I intimated that I wasn't going to roast his sketch because, through accident, the final curtain caught on a lamp post and spoiled the full effect of the finale.

His argument that he ought to be roasted was so convincing that I nearly missed all of "The Passing Show" at the Majestic, but I did get glimpses enough to make me determined to see the rest some time this week.

It is put on by one of those casts which, on paper, doesn't amount to a thing, but which, in reality, is a 100 per cent. better than any of the all-star casts which have ridden out here and walked home. It looks like a record week.

ARDEE WINS.

(BY ATLANTIC CABLE AND A. P.) PARIS, May 4.—Ardee, owned by Herman B. Duray of New York, today won the Prix Remondria at the St. Cloud race meeting.

RITCHIE-WELSH BATTLE SHOULD BE STAGED HERE.

McCarey Would Run Practically No Chance of Financial Failure, as "Suede" Johnson Says He Will Put Up \$5000 if Uncle Tom Will Put Up \$20,000—Would Be a Great Drawing Card.

BY DE WITT VAN COURT.

A MATCH between Freddie Welsh and Willie Ritchie is still ranking in the system of the boxing fans of Southern California.

English boxers have never won any kind of a world's title in the boxing game, but we will have to hand it to them for trying and admire their gameness for developing fighters who are willing to try and take a chance.

The Fourth of July is our greatest American holiday, the anniversary of the day we broke loose from Johnny Bull, and from that time since, he has won little or nothing in the athletic line except rowing.

Championship contests in this country, usually take place on that date, as it is in keeping with the fighters of both countries, and no better day could be selected to settle such matters.

We are just as proud of our American champions as Johnny Bull or any other country of theirs.

Freddie Welsh has won the English and Australian titles and is sure to be entitled to a chance with our Willie Ritchie, and he should be given it.

Bob Vernon and Hector McKenzie, two of the best-known boxing fans of this country, have guaranteed Willie Ritchie a \$25,000 purse, win, lose or a draw to meet Welsh in London, this coming June, both believing that Freddie can beat Ritchie.

This is the greatest proposition ever offered, and it is hard to hear a single word from Willie in answer.

Right here in Los Angeles, we have a man, "Suede" Johnson, who is willing to help bring the match to the Vernon arena.

I will make Tom McCarey a present of \$1000 cash toward raising a \$25,000 purse for Welsh and Ritchie to meet on the coming Fourth of July, and will also give \$1000 that the house will go \$40,000, provided McCarey will guarantee the other \$20,000. I believe there are some other men who would be willing to help make up the purse, just see the

TWO BALL PLAYERS ARE SUSPENDED.

(BY A. P. NIGHT WIRE.) NEW YORK, May 4.—Secretary John Heydler of the National League announced today the suspension of two players for arguing with umpires. Manager Herzog of the Cincinnati club has been set down for three days on complaint of Umpire Quigley as the result of a dispute in the game at Pittsburgh. Catcher Fischer of Brooklyn also draws a similar suspension for his remarks to Umpire Rigler on Friday.

COLLIER RELEASED.

(BY A. P. NIGHT WIRE.) WASHINGTON, May 4.—Harry Collier, a pitcher secured from Georgia Tech, has been released by the Washington American League team to the Des Moines Western League Club.

CRANE IN FINALS.

(BY ATLANTIC CABLE AND A. P.) LONDON, May 4.—In the semi-final round of the British amateur tennis championship, played at Queen's Club today, Joshua Crane, Jr., of Boston, beat Eustace H. Miles, the English player, 6-3, 6-5, 6-0.

Kid Beebe, an Italian lightweight boxer of Philadelphia, has taken part in 152 ring contests, mostly in the Quaker City, during the last twelve years. That is an average of about one six-round bout a week, and he is able to give any man of his weight a battle. Perhaps, some of his strength comes from the fact that he does not dissipate in any manner, using neither liquor nor tobacco. Outside of a bruised head he shows no marks of the tremendous amount of punching he has undergone in his long career. But he shows no marks of the tremendous amount of punching he has undergone in his long career. But he shows no marks of the tremendous amount of punching he has undergone in his long career.

James Duffy, the Boston Athletic Association marathon winner, and Ed Fabre, who proved the runner-up in the same contest, have been matched for a special fifteen-mile race at Hamilton, Can. Apparently the Hamilton team want to see just how the Hamilton runner defeated the Montreal crack.

PHILADELPHIA, May 4.—The Point Judith polo team won the Paul Denika Mills cup in the final match to the tournament at the Devon polo grounds today, defeating the Bryn Mawr second team, 13 goals to 7.

The Point Judith team was allowed four goals by handicap and was penalized one-fourth goal for a safety.

SUPERSTITIONS RULE AMONG BALL PLAYERS.

All Live in Deadly Fear of "Jinx"—Hair Pins Are Regarded as Symbols of Base Hits to Follow—Outfielders Seldom Walk Inside of Third Base—Henry Berry Afraid to Change Socks.

BY HARRY A. WILLIAMS.

WHILE the world generally has emerged from the stew of superstition in which it formerly was steeped, the belief in signs, omens, and the kindred belief that some occult force shapes affairs on the diamond, still clusters around the grand old game of hit-and-run.

Many ball players will not openly admit that they are superstitious, still the fact remains that a majority of them live in deadly fear of the "jinx," that mythical something that embodies everything that is evil in baseball.

Others, in an effort to ward off ill luck, will engage in fits almost as strange and mysterious as those of the Indian Yogi.

Burning the "jinx" is one of the most weird of these. No one knows exactly what a "jinx" looks like, but a little thing like that is not permitted to interfere. They rig up a "jinx," that a "jinx" ought to look like, if it doesn't—something of monstrous men and calculated to give the average person the worst of the "jinx" that he was robbed," said Johnson.

The torch is applied to this "bogey man" at a set hour, to the accompaniment of impressive ceremonies. Teams, of course, go to these lengths only in acute cases; where all ordinary cures have failed.

Superstition also has a strange hold on many managers, while the club owners are not totally immune. Frank Dillon, manager of the Los Angeles club, is a recent convert.

A couple of black cats crossed the front of Dillon's machine during the spring training, and Frank hasn't had many peaceful moments since that evil hour. Dillon did not think much about it at the time, but since his men began to fall by the wayside as one injury after another hit the team, he has been haunted by visions of brunette felines.

Dillon declares that prior to this, he was a stranger to superstition. But it is recalled that he had a wholesome dread of trying out a new glove when he played first base regularly. Frank would cling to a mitt until it was worn to a buckle and a shred of leather.

Before clubhouse were in vogue, the players dressed at the hotel and went to the ballpark in a deep sea "bus," while en route to the grounds they met a load of hay, it was regarded as a sure sign of impending disaster.

Last season the Angels had a horse-shoe spiked to the wall of their clubhouse, but it proved to be an ineffective talisman.

When "Slim" Love is sitting on the bench, like most human beings, he sits with his legs crossed. If things are going as they should he sits with his right leg on top, but if the other club makes a couple of runs, Love lifts up his left leg until it reaches across his right, and there it remains until after the game.

Empty barrels, I believe, first came into favor in 1903, when the Giants were rushing the Cubs for the pennant. Larry Doyle, who had been playing bad, saw a load of them on his way to the Polo Grounds. That afternoon he rapped out three healthy hits, and the Giants won.

According to a story which went the rounds at the time, Doyle was so impressed with the idea that he hired a man to drive down the street every day with a load of barrels that he would give an extra dollar or more to see one of the few champions of the world decided, especially when an American and an Englishman.

There would surely be a lot of sentiment in a contest of this kind on our national holiday, and the fans would give an extra dollar or more to see one of the few champions of the world decided, especially when an American and an Englishman.

Players, as a rule, are very particular about their bats. When a player has a new bat, he usually has it consecrated by looking too long on full ones.

There may be something in this empty barrel theory after all; at least a lot of players have been induced by looking too long on full ones.

Players, as a rule, are very particular about their bats. When a player has a new bat, he usually has it consecrated by looking too long on full ones.

THREE BALLS—TWO STRIKES—AND THE BASES FULL!

Is a Striking Example of the Editorial Interest in the Next Issue of

The

Los Angeles Times

National Sunday Magazine

THE GREATEST GAME IN THE WORLD

Editorial, by Ben S. Johnson, President of the American League. There are but few of us who do not thrill with excitement and pleasure at the greatest of all games—BASEBALL. Those who have never witnessed a game cannot appreciate the "push" of this sport which so stirs the on-lookers and makes of them all happy and excited children. The subject of baseball is so national—its every detail so absorbing—that the facts about which Mr. Johnson tells us will be found more than interesting because they are not generally known and discussed.

JOHN D. ROCKEFELLER—AN INTIMATE STUDY OF THE RICHEST MAN IN THE WORLD.

By Elbert Hubbard. Everybody knows of John D. Rockefeller—but the man himself—the real man—what does the public know of him? Practically nothing as Elbert Hubbard points out, in giving his estimate of the most reviled, caricatured man in the world. It is not an idealized character study; just truths gathered from intimate contact with a great man greatly misunderstood. One of the few authorized interviews he has ever granted.

THE PRINCE OF GRAUSTARK.

By George Barr McCutcheon—Illustrations by R. F. Schuchman. Prince Robin has apparently found his Golden Girl, and is going to the seaside, as he had dreamed of finding her, but in a deck chair on the high seas. Permeating throughout the entire installment are delightful, tantalizing dialogues which are the first steps to a bewitching and captivating romance.

TABS ON THE FAMOUS.

range a series of bouts in which several titles will be at stake. These promoters are endeavoring to get the John Hancock of "Al" McCoy, the conqueror of George Chip to a contract to meet Billy Murray, and then have the winner take on either Eddie McGorty or Jimmy Clabby for the midweight title. They provided they can arrange to have Jimmie or Eddie return in time from Australia.

Johnny Kilbane, it is said, will meet Abe Attell or some other fast boy while a heavyweight battle, in which Jess Willard and Gunboat Smith will make their appearance, is likely. The programme will also include one or two lightweight battles, with elimination contests among Ad Wolfart, Freddy Welsh, Leach Cross, Charley White and others sandwiched in.

SPURNS MONEY OF ROCKEFELLE

Historical Senator Declares "Cursed of God."

Asks Government to Refuse Aid from Oil King.

Echo of Colorado Strike Heard in the Debate.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 4.—A debate today was launched in the Senate to prevent the government from accepting money from John D. Rockefeller to aid in farm demonstration and boll weevil extermination.

Senator Lane asserted that Rockefeller's money was "cursed of God," and that the government should refuse to accept it.

The debate was on an amendment to the Agricultural Appropriation bill, which was pending when the Senate adjourned for the day. This amendment, reported by the Agriculture Committee, proposed an appropriation of \$100,000, double the amount proposed in the House bill for farm demonstration and boll weevil work, with the prohibition of contributions to the fund by individuals or corporations.

At present the general education board, to which Mr. Rockefeller has given millions, pays a portion of the salaries of 600 government employees engaged in this work.

Senator Vandaman of Mississippi asserted that the committee's amendment would be a "cotton States to cotton States." This brought from Senator William C. Capper of Kansas the remark that "some folks here are no more respectable than the Standard Oil."

The war in answer to Rockefeller's demand that the government should not enter into a partnership with Rockefeller.

It is no more right for Rockefeller to be paying the employees of the Department of Agriculture, he said, than it would be for him to pay the salaries of the members of the Supreme Court or of the Senate.

Senator Martin said he would not vote for the amendment. Rockefeller had gotten his money from the government, he added, and he should not be asked to pay for the work of the government.

Mr. Rockefeller's remark that "some folks here are no more respectable than the Standard Oil" was the cause of God in an ever after he possesses.

THE HOME STRETCH.

Subscriptions to Stock in Federal Reserve Bank Come in Rapidly. Three More Days Left.

(BY A. P. NIGHT WIRE.) WASHINGTON, May 4.—Subscriptions of stock in Federal Reserve Bank received today by the Treasury Department from 352 additional national banks, the total number of subscribers banks now being 1,000. The total amount of the subscriptions is \$27,477,500, the remaining balance of the \$30,000,000 subscription being \$2,522,500.

Three days in which to make subscriptions.

REPRESENTATIVE CHURCH'S MEASURE. Applying to Yosemite Park Goes through the House.

(BY A. P. NIGHT WIRE.) WASHINGTON, May 4.—Representative Church's measure, providing exchange of lands held by various persons in Yosemite National Park and in the National Forest for government lands elsewhere, passed the House today.

The bill will prevent cutting of the now owned by private persons of scenic trails and roads in the park.

MISS ELEANOR'S DOG INJURED. WASHINGTON, May 4.—Niece, Miss Eleanor, belonging to Miss Eleanor, came to grief at the White House today. While running near a dog, the dog slipped and one of her legs was crushed by the dog. A veterinarian set the leg.

WHITE HOUSE IN A TEST. WASHINGTON, May 4.—The national business, Mexican imbroglio, was moved into the open air today when President Wilson left the White House for the grounds.

CHICKEN GRAVY  
TODAY'S THEME."FIXINGS" WITH FAVORITE FOWL  
MADE BY EXPERT.

Pressed Meats Will Also Be Demonstrated, for Reducing Size of the Butcher's Bill and as a Pledge of Economy—Afternoon Lessons in "Times" Building in High Favor.

Just the mere mention of "chicken" stirs one to pleasant reminiscences, that is the kind of chicken that is served with cream gravy and dumplings, so this afternoon's lesson at the Times School of Domestic Science will meet with the hearty approval of the entire class.

The lesson is not to be exclusively on chicken, but also on the "fixings" that usually go with chicken—the dumplings and the gravy. Mrs. Bartha Hafner-Ginger has promised to demonstrate to the class this afternoon how to make chicken dumplings, chicken gravy and pressed chicken as well as a number of other pressed cold meats.

The great advantage in serving pressed meats, said Mrs. Hafner-Ginger yesterday, "is that they can be prepared before the meal and will keep a long time. The pressed meats are seasoned and ready to eat, and one can utilize the small pieces of meat that ordinarily one would not like to serve. Then, too, pressed meats are far easier to make than chicken, and they form a part of the pressed meats, thereby adding to the bulk served."

Another reason why pressed cold meats should prove popular, according to Mrs. Hafner-Ginger, is that by properly seasoning, one can use a much cheaper cut of meat and by cooking it tender and pressing it, it becomes most appetizing and the pressing improves it very much.

The last, but not by any means least, is the added fact in favor of pressed meats—they are delicious to take along for a picnic lunch. The spices and seasoning that are a part of the pressed meats is just right for it.

The cooking lessons are continuing in high favor with the readers of The Times, and their friends. The lessons are free to all who wish to attend. The class meets at 3 o'clock p.m. in the auditorium on the second floor of the Times Building, at First and Broadway.

Politics.

URGE PHYSICIAN  
AS CANDIDATE.YOUNG MEN'S REPUBLICAN CLUB  
MAKES SELECTION.

Passes Resolution Calling Upon State Organization to Request Dr. Norman Bridge of This City to Enter the Fight for Governor of This State.

The Executive Committee of the Young Men's Republican Club of Los Angeles last night adopted a resolution addressed to the Young Republican League of California, requesting that body to induce Dr. Norman Bridge of this city to become a candidate for Governor.

The resolution is as follows:

Whereas, the Young Men's Republican Club of Los Angeles county realizes fully the grave dangers which threaten the people of the State of California under a continuance of its present administration, and the necessity for converted and disinterested action on the part of all true and loyal Republicans in the selection of a standard bearer for the next gubernatorial election, and

And that a man honest, efficient and respected by all of the people may be chosen as Governor of our great State of California; and

Whereas, this organization feels that the confidence of all of the people can safely be reposed in one who has proved himself to be a man of the highest honor, a man of eminent ability, and a man who has at all times commanded the respect and admiration of all who have come in contact with him;

Now therefore, be it resolved that the Young Men's Republican Club of Los Angeles county do, and it does hereby, ask the Young Republican League of California to request Dr. Norman Bridge of Los Angeles, California, to become a candidate for the office of Governor of the State of California upon the Republican ticket.

ELUDES QUARANTINE.

Takes Ill Child to County Hospital to Escape Restraint; Repents in Hasty Action Jail.

It was too much trouble for the household of William Grozny, No. 1628 Avalon street, to be bothered with a quarantine when little Theresa contracted scarlet fever several weeks ago. As soon as doctors made the diagnosis and health officers hung out the sign of the fever, Grozny realized that he was to be greatly handicapped in his movements.

So he took his daughter out the back door and hastened her to the County Hospital. Then he tore down the quarantine sign and went out to meet his friends again, explaining how rapidly his little Theresa had recovered from the alleged fever.

The health officers prosecuted him and he was fined \$15 in Police Court yesterday. He could not pay the fine and may have to spend a day or so in jail.

GONE BUT NOT FORGOTTEN.  
In the losses reported so far this month, at the Central Police Station, the name of Enrique Monteverde leads all the rest. While coming from the Arcade Station to the Hollenbeck Hotel Sunday afternoon, a wallet containing \$146 was lost from his pocket. The money was in bills of large denomination. The wallet which contained the treasure, was alligator skin, the first of the kind that Monteverde ever had.

FILM DEPICTS MAKING  
OF MODERN NEWSPAPER.

EXCEPT that the process is a noiseless one, those who have witnessed the mechanical part of getting out a newspaper will find the film entitled "A Busy Day—The Morning Newspaper," which is shown this week at the Woodley Theater, marvelously "true to life."

The film, which is by the Keystone company, was taken in The Times plant, and is a faithful portrayal of how a modern newspaper is made. With the exception of the editorial end of the work, the process is given in detail. The picture shows the making of cuts and engravings; matrix making, typesetting, and by long rows of linotype machines that seem almost human and save a vast amount of time; giant presses that fold and

count the papers that are run through them at the rate of hundreds per minute, and the vast army of people who produce the modern daily.

There is a special section showing Cartoonist Gale of The Times staff at work, and those who have admired "Mr. Wad" of Pink Sheet fame, will be glad of the chance to meet his sponsor, even if only at a distance.

The Times was selected for this industrial film because of the size of its plant and of the many historical events connected with it. The picture is attracting crowds and Manager Woodley says he is very glad he secured the exclusive rights.

"It is one of the most interesting films I have had for a long time," said Woodley yesterday, "and I am not surprised at the general interest it has created. It seems as though everyone wants to know how the morning paper is gotten out."

WOLFEBAUER DIES.

Charles F. Wolfebauer, 70 years old, formerly a resident of Galveston, died at his home, No. 1146 1/2 Santa Monica street, yesterday. He leaves a widow, three sons, Charles F. Jr., and Henry and John; two daughters, Mrs. W. Hemple and Mrs. Tully, and a sister, Mrs. F. Hardy, all of Galveston.

The funeral will be held this afternoon at 3 o'clock at the undertaking parlors of Cunningham & O'Connor. The deceased had lived here for three years. He was in the wholesale meat business.

CARNIVAL OF STATES.

Presidents and Secretaries of Societies Agree to Hold Festival in June—Walker Hopes to Manage.

The Federation of State Societies will hold a carnival of States at Fiesta Park, June 8-10. Plans for the benefit were adopted at a dinner last evening at Christopher's, attended by seventy presidents and secretaries of State societies.

O. W. Blain, chairman of a committee of thirteen members which will have charge of the arrangements, was toastmaster at the dinner. Addresses were made by C. H. Parsons, secretary of the federation; C. Elliott Miller of the Ohio State Society and others.

Walter Hompel will manage the carnival. It will be held under a monster tent. Each State and provincial society will have a booth, where its characteristic products will be on display. The entertainment will include vaudeville, dancing and special programmes by the different State societies.

Established 1889

Assets Over \$3,700,000

No Safer  
Investment

"Safety First" has been our motto for over 24 years. As a result no one has ever lost a dollar invested with us.

Neither have we a dollar's worth of real estate taken through foreclosure. And that is because our loans are made only on carefully selected improved residence property with a very wide margin of safety. These first mortgages form the security back of our 6 per cent. Investment Certificates.

For a "Safety First" investment purchase our Certificates, in any multiple of \$100 and, with safety, earn a liberal 6 per cent. interest.

Call or write for information.

TUESDAY MORNING

To Be Gilded.  
HEART BROKEN;  
PIECES SAVED

Mrs. Sallee Says Girl Still  
Husband; Must Pay.

See Other's Family for B  
Sum in Damages.

Mother Alleged to Have Be  
Lenient Chaperon.

A damage suit for \$50,000 against an alleged affinity and her parents and a suit for separate maintenance against her husband, both filed yesterday, are the outward expression of the unhappiness of Mrs. Florence Sallee of No. 4412 Camero street, Hollywood.

Mrs. Sallee charges that her husband, David D. Sallee, attorney at law, manager of the International Correspondence School, has been away from her by Miss Edna Fowler, daughter of W. F. Fowler, owner of a car manufacturing concern at No. 800 Barendo street. A beautiful home, motor car and the moral support and active assistance of the parents, especially the mother, have been factors, which Mrs. Sallee says have caused her husband to desert her. According to the complaint of the wife, much of the evidence upon which Mrs. Sallee brought the suits, was furnished by H. S. Fariss, a private investigator, and his assistants, who followed the Fowler home and noted the Fowler motor car on the night.

Mrs. Sallee and an assistant say they followed Sallee and Miss Fowler and another to Redondo Beach, Sunday, April 19, last, and succeeded in making friends with the members of the motoring party. Their report was that Miss Fowler was a very attractive young woman, who was the daughter of a prominent family. Mrs. Fowler is accused of being a lenient chaperon. The complaint of Mrs. Sallee says that her husband was a very lenient chaperon. The complaint of Mrs. Sallee says that her husband was a very lenient chaperon. The complaint of Mrs. Sallee says that her husband was a very lenient chaperon.

The papers in the case mention a statement in April when Sallee is said to have been a guest at the Fowler home. Three nights in succession, Mrs. Sallee says that it was a common thing for her husband to remain at the Fowler home from 1 o'clock p.m. to midnight.

Mrs. Sallee said yesterday that she had been a divorcee. She is now suing for \$150 a month separate maintenance. She thinks that Sallee will like a legal separation so that she can have a divorce. The Sallee case has been in the news for some time. Mrs. Sallee has been living apart for some time. Mrs. Sallee has been living apart for some time. Mrs. Sallee has been living apart for some time.

## TWO KINDS.

A mother broke up the trial marriage of her daughter with the performance of a genuine ceremony. It sometimes happens that real marriage is trial enough.

## A SEVERE JUDGMENT.

A local judge has decided never to restore the maiden name of a lady who eloped to get married and who then seeks divorce. Does the court forget that many a girl who goes that far to get married would go much farther to escape?

## A HIGH EXPLOSIVE.

Some people wait to be storm-swept before they are married, yet home ought to be a resting place to which people turn to get out of a storm. There is supposed to be great peace at the tornado's heart, but those who marry in a hurricane do not always find it.

## TAKING IT BY STEALTH.

Every now and then some disciple of plain living and high thinking comes to the front with a sober plea. He is not permanently convincing. Most of us think it well to feast a while and fast a while, to work a spell and to play an hour. Life is not really an apology for human rapacity. It could happen that our rapacity are a part of life.

## NOT REMARKABLE.

Experiments for the Agricultural Department find that two crops a year are possible to California. But some California newspaper editors cut alfalfa seven times a year and grow a crop of cantaloupes, onions and barley on thousands of acres without ever leaving their offices, and farmers who are actually on the ground do better than this.

## THE OTHER FELLOW.

When any of us say that a man does not understand we generally mean that he does not agree with our particular views or that he fails to hold to our pet aversions. A dullard is a man who cannot see our point, and an ass is one who will not. As the disagreeing jurymen remarked to the judge, "There are eleven of the most stubborn ignoramuses in the world on this case."

## GLORY AT FIVE.

At the Little Theater this week every night one may see a bright and shining star who is new to the footlights and to the sun. Miss Marcia Cleveland as Tioma in "Wan o' the Wood" is five years old and when it comes to make-up she is a supreme artist. She has good lines, too, even if her dress doesn't show it. There are many of them and she knows them all. Our dramatic stars cannot be captured when too young.

## MISTAKEN IDENTITY.

Dispatches report that the special train of Shriners from California enjoyed a hilarious social hour at Kansas City. Our correspondent must have been confused. Surely there is some mistake here. Who ever heard of a Shriner being sociable, and especially a trainload of them? No, a Shriner special would steal by in gloom and silence with the brow of every man aboard mantled with sorrow and corroded with care. It is a pleasure to make this correction for our absent brothers. The only people in the world who could be so silent, dignified and resentful as a bunch of Shriners would be a trainload of Elks. Imagination refuses to picture the grouch and grief in a case like that.

If war should come as the result of the complications with Mexico there would be little exultation, for there would be no note of martial music. In the revolution we were oppressed by foreign masters; in 1812 Americans were taken forcibly from foreign ships; Thornton's cavalry were destroyed in 1846; Fort Sumter was fired on in 1861; the Maine was blown up. What would be the war cry?

During the summer months it is announced that President Wilson will transact all of his business under a tent at the White House. He has been conducting the greatest show on earth since March 4, 1913.

The last war with Mexico furnished three Presidents, Taylor, Pierce and Grant, and four candidates for the high honor, Scott, Fremont, McClellan and Hancock. What will come out of the present war?

It is proposed to make the May Day celebrations a regular exhibition in Los Angeles and outlying cities. It is a delightful conception and will add to the annual festivities of the southland.

With Badger, Mayo, Doyle and other naval heroes in the public eye Richmond Pearson Hobson will kindly take a seat away back in the rear of the Hall of Fame. The procession has passed him.

Who is wise enough to tell the number of days in each month off-hand, without reciting the old lines, beginning: "Thirty days have September, April, June and November," etc.?

The campaign of Oklahoma State officials against racism appears to be a success. But it is seldom that just because some people buy the wrong ticket they will be so vicious.

The drink bill of England increased \$25,000,000 last year. The suffragettes have compelled the men to do something to drown their sorrows.

## THE RECALL—THE POLITICAL GUILLOTINE.

No government can be firm, no official can be efficient unless secure from the cheap vengeance of cliques and coteries of politicians. It is recognized as an unfortunate fact that no official, no matter how competent or how sincere, can conduct his affairs without giving offense—most frequently to politicians who opposed the election of the officer, and who consistently criticize and annoy those who have succeeded in being elected despite their efforts. For such as these the recall is a weapon highly valued and assiduously used. Again the Times declares, as we have said over and over, the recall is fundamentally an instrument for the gratification of personal and political grudges.

Now it so happens that Supervisor Norton was conspicuous among those who set up and legalized the political guillotine in Los Angeles. He was without a job, but exceedingly hopeful, at that time. He harangued our citizens long and lustily on the infallible justice of this legislative device, which was designed and manufactured in the shops of the "Progressives." He offered what practically amounted to his personal assurance that no honest, competent, sincere office-holder need have any fear of the recall operating against him. He affirmed that it was only the crooked, inefficient, "reactionary" officials and citizens who opposed the adoption of the recall.

Let it not be forgotten that at that time Norton had no political job. He observed the recall from the viewpoint of one who could not possibly fear its inconveniencing him, but there were in office numbers of persons whom it appears that Mr. Norton and the political powers with which he allied himself wished to have the opportunity of pestering.

Since that time Norton has acquired a job. Today, by the signs whereby prophecy is made at all effective, he will be removed from office through a recall election. During the past few weeks he has publicly announced views relative to the recall that are decidedly "reactionary." He has called it a wicked, vicious and nefarious movement.

The Times still maintains that the recall is un-American and unfair. However, we know of no official whom exasperated citizens have more cause and justification for recalling than Supervisor Norton. With what has seemed to be deliberate annoyance he has opposed, abused and inveighed against his colleagues in practically every project and plan undertaken.

Yet the Times had nothing to do with the inception of the recall petition against Mr. Norton. On occasions previous to this we have condemned the recall movement even when undertaken against officials of whom we disapproved. We are opposed to the recall as a matter of principle. We believe that it is destructive of good government in that it affords a few irresponsible persons the opportunity of easily harassing officials whom the citizens as a whole have placed in office and given authority for a designated period. We believe that criminal and crooked officials—such as really deserve to be removed from office—can be disposed of through the established channels of impeachment and prosecution. We know it to be detrimental to the interests of a community to have its officials almost constantly fighting against recall petitions in order to retain their offices. There are at present five or six recall petitions in circulation among the people of Los Angeles city and county. The expense of these petitions and the subsequent elections is all the more burdensome because of its uselessness; and it is cold figures, if the present recall mania continues, it will have cost the taxpayers of Los Angeles over \$1,000,000 at the end of the next ten years.

The recall enables persons who know nothing of the law to pass upon the decisions of judges; it enables persons ignorant of the purposes and efforts of officials to remove such officials from office though they be guilty of nothing other than failing to please those who cannot give an intelligent reason for supporting the recall.

Such is our attitude upon the matter. And while we recognize that Mr. Norton is particularly offensive to the citizens of his supervisory district, and while we sympathize with their exasperation, we are not in sympathy with the recall.

However, it is legal. Mr. Norton himself assisted largely in making it so. He has assured us of its justice over and over again. His description of the type of official for whom the recall was devised fits himself to no small degree. He is not a credit to the community he represents; he is inefficient and a noisy obstructionist. He tries to pose as a "watch dog of the treasury," though he attempted to increase his own salary; he has been closely connected with a petition wherein were found over 800 forged signatures, and in his private life he has done that which is difficult to conceive of any honorable man doing.

In Mr. Norton's case the political guillotine which he helped to make is much like the gibbet that Haman caused to be built, and there is no question that he must endure the judgment of the citizens for whom he instituted the recall.

## GENIUS AT WORK.

Thomas A. Edison is again burning the midnight oil and is working eighteen hours out of the twenty-four. His physicians are annoyed. They can't help the situation any. Geniuses are always divided into two classes. There are those who work themselves to death and those who will not work at all. They are also divided in other respects. They will either starve themselves or eat and drink themselves to death, and they either hate women or love not wisely but too well. The only way to get along with a genius is to let him think that the world is his oyster and pay no attention whatever to his personality or his conduct. He should be turned loose in the pasture and allowed to go hungry or to founder. There is a happy medium, but if he ever discovered it he would be no genius. All the rest of us can do about him is to take what he offers that is useful to us and be thankful it is not a plague that he has invented instead of a blessing. As for a lady who marries a genius, nobody can help her, although she is entitled to the full sympathy of all of us. Possibly she can help herself by having her husband shot every morning before sunrise, providing she can afford the powder. A genius is a man who is crazy before he makes good and who has a temperment after he arrives. What you say of him depends entirely upon whether you

## In the Wrong Hands.

are talking to him or to somebody else, but what you really think about him is never fully expressed. It couldn't be. Sometimes genius comes in fits and then goes away. Persons afflicted in this way are only threatened with flashes of intelligence and should not be deported or hanged. Mere intelligence can be outgrown and it generally is, in which respect it is like a good disposition.

## SMALL HOME OWNERS MUST PROTECT THEMSELVES.

Studying the list of Los Angeles building permits, published in the newspapers from week to week, one realizes that by far the larger majority are for homes costing from \$1500 to \$2000 or \$2500. Doubtless most of these homes are to be paid for with money borrowed from one or the other of our useful trust companies or building and loan associations. Thousands of such small homes have been built in the past few years by real estate companies and firms and sold on a small payment down with the balance payable in monthly installments. The purchasers are largely men employed at quite moderate salaries, with whom every dollar counts. To "own our own home" has been the dream of these men and their wives for years. There is great pleasure in the family as the monthly installments are paid. Religiously, the family expenses are kept down to the lowest notch and the money carefully saved to meet those monthly payments. Father de prives himself of many a glass of beer and many a smoke, and mother goes without a new dress or a new hat many a time so that the mortgage on the home may be regularly reduced by the prompt meeting of the agreed payments of principal and interest. At times work becomes scarce, or the breadwinner has a spell of sickness, or a new baby comes, or a daughter is married, and so on; and then the struggle is harder and harder. "We will do this or that," hopefully say the father and mother, "when our home is paid for." That is the day of joy to which every member of the family looks hopefully forward.

Those small homes, those anchors of the future of the worker and his family, are subjected to a yearly tax now of \$3 per \$100 of their assessed valuations and assessment valuations are not decreasing. To meet those already levied taxes by payments in April and November of each year is another hard task for the small home-owner of moderate earnings. He has no big bank account on which to draw his check in favor of the city and the county tax collectors. If he is a day late in paying his taxes, on goes the penalty, increasing his tax burden just that much more. In course of time, and a short time at that, he loses his home if he fails to pay, including penalty, or not paid, no matter what cause—out of work, sickness or anything else—has compelled his delinquency. This is no fancy picture, but a statement of actual fact. The writer personally knows of several cases where money had to be borrowed at interest to meet the tax installment which fell due on April 27 last.

Another heavy burden on our small home-owners comes from the many special assessments for street improvements, sewers, storm drains, etc., that have been levied, are being levied and will (in the natural order of things in this progressive city) be levied. In many cases these improvement assessments amount to more than the regular taxes. As a matter of fact they are taxes. If not paid the home is sold and the hopeful anticipations of a lifetime are shattered. The writer knows whereof he speaks, for he has just paid one heavy assessment and is notified of two more, one of them an exceedingly heavy one, aggregating nearly \$500,000, of which he will have to pay his share out of his quite moderate salary. Those assessments (really taxes) must be promptly paid or the home will be lost. Thousands of our small home-owners could tell the same story. In one part of the city the property is right now subject to no less than five special assessments. And there are many more of these special assessments to come, and the small home-owners will further suffer. All means, as Kipling says, "pay! pay! pay!"

Now comes our City Council with its arbitrary call on us to go to the polls on May 8 and fasten upon ourselves and the other taxpayers a future tax liability of \$455,000 a year to pay the interest and sinking fund requirements on a proposed bond issue of \$5,500,000 which is entirely unnecessary.

In addition we must, for the sake of our children, vote \$4,600,000 school bonds on May 14, and those will cost us taxpayers \$323,000 a year more. In addition other necessary city bond issues aggregating some \$25,500,000 are in sight and will add \$1,855,000 a year more to our taxes. Time and again the Times has editorially published detailed figures of these "in sight" bond issues. Big property-holders and big home-owners may, with the help of the bank credits they can obtain, stand up under this heavy load; but what is to become of us who own small homes who have only our daily wages and moderate salaries to depend upon? We are the fellows who need protection and there is no one to protect us but ourselves. If we want to fasten upon ourselves our share of the \$455,000 a year unnecessary part of the heavy tax load outlined, we can do it by submitting on May 8 to the dictation, the Russian Czarist dictation, the utterly inconsiderate dictation, of our arbitrary City Council by voting into their hands \$5,500,000 bonds for the confiscation by condemnation of a quite partial electric distributing system which need not, absolutely need not, be built, bought or confiscated for at least five years from now. We can do that if we wish, but we will be fools if we do it. We cannot protect our small homes in that way. On the contrary, voting for those bonds will seriously endanger those homes. The only way in which we can ourselves protect our small homes for the benefit of our wives and children is to vote "No" on May 8.

Time drills along, and, never stopping, winds up our spool of thread; the time to do our early shopping is looming just ahead. It simply beats old James H. Thunder how time goes so fast; and now and then we pause and wonder where all the days have gone. When we are old a month seems shorter than did a week in youth; the years are smaller by a quarter, and still they shrink, remorseless. This busy world we throw our fits in will soon be ours no more; time hurries us, and that like lightning, toward another shore. So do not make me lose a minute, as it goes speeding by; I want to catch each hour and skin it and hang it up to dry. A thousand tasks are set before me, important, every one, and if you stand around and bore me, I'll die before they're done. Oh, you may go and herd together, and waste the transient day, and talk about the crops and weather until the roosters lay, but I have work that long has beckoned, and my Jim or Joe who causes me to lose second I look on as a foe.

Time drills along, and, never stopping, winds up our spool of thread; the time to do our early shopping is looming just ahead. It simply beats old James H. Thunder how time goes so fast; and now and then we pause and wonder where all the days have gone. When we are old a month seems shorter than did a week in youth; the years are smaller by a quarter, and still they shrink, remorseless. This busy world we throw our fits in will soon be ours no more; time hurries us, and that like lightning, toward another shore. So do not make me lose a minute, as it goes speeding by; I want to catch each hour and skin it and hang it up to dry. A thousand tasks are set before me, important, every one, and if you stand around and bore me, I'll die before they're done. Oh, you may go and herd together, and waste the transient day, and talk about the crops and weather until the roosters lay, but I have work that long has beckoned, and my Jim or Joe who causes me to lose second I look on as a foe.

Time drills along, and, never stopping, winds up our spool of thread; the time to do our early shopping is looming just ahead. It simply beats old James H. Thunder how time goes so fast; and now and then we pause and wonder where all the days have gone. When we are old a month seems shorter than did a week in youth; the years are smaller by a quarter, and still they shrink, remorseless. ## STREAKS OF WIT.

Was Glad to It.

[Harper's Magazine:] A patronizing young lord was seated opposite a famous scientist at a dinner one evening not long ago. During a lull in the conversation he adjusted his monocle and leaned toward the scholar.

"Ah, I know, Mr. Jones," he drawled, "I passed your house this morning."

"Thank you," said Jones, quietly. "Thank you very much."

Rival Inspirations.

[Louisville Courier-Journal:] "Every time I see grandfather's sword I want to go to war."

"Well?"

"But every time I notice grandfather's wooden leg I cool down."

Began at the Bottom.

[Puck:] "That's our general superintendent—son of the president. He began at the bottom and worked up—started in as an oiler right after he left college."

"When was that?"

"Oh, he graduated last June."

Proud of It.

[Kansas City Journal:] "Yes, my grandfather figured in one of Thackeray's novels."

"You don't say. How is that?"

"You remember that passage where it says: 'Walter, rack punch?'"

"I believe I do."

"Well, my grandfather was that waiter."

A New Attributed.

[Louisville Courier-Journal:] "How does Hamlet fatten manage to keep in vaudeville?"

"He has a certain value. He's a bolster."

"What's a bolster?"

"He's so rotten he makes the rest of any bill look good."

Legal Procedure.

[Livingston Lance:] "What would you do when first employed to bring an action?"

asked an examiner of a young candidate for the legal profession.

**Pen Points: By the Staff**

What the Coney "army" really needs is a sovereign remedy for corns.

The punch bowl in the navy has given place to the lemon wire basket.

A course of training for lumbermen is now offered by Harvard. It ought to be popular.

In most of the States this fall the Democrats will confine their political efforts to "singing."

Supervisor Norton is making a lot of noise. A man always does in the act of gnawing a file.

One way to stimulate business would be for Congress to adjourn. Has that occurred to the statesmen?

King George will visit the Czar. A man who isn't afraid of the suffragettes has nothing to fear from the nihilists.

Suppose the country had ten years ago taken the Democratic advice and made additions to the American navy?

Has anybody heard the applause given the announcement of Jack Johnson that he was about to return to this country? No.

When the story of the Mexican man who wrote list it not be forgotten that the Hinojosa of Tampico caused all the trouble.

Tornadoes are already reported in sections of the East, indicating that spring with its ethereal mildness is upon the job.

It may be necessary for Sir Edward Carson and his friends to do a little saluting to the Stars and Stripes, but to the Union Jack.

We are of the opinion that the women ought to have about all they care for some men who wot of have taken to wearing white socks.

The action of some of the railroads in giving bread off the free list in the dining car is likely to unconsciously boost the habit among travelers.

Some folks imagine that when the engine of an aviator breaks down in the air, the flyer dies of starvation, being unable to descend—but it isn't so.

So glad that McAdoo wedding is about to be pulled off. After May 7 there can be no doubt who the young man calls to the White House wants to see.

Another happy effect following the cessation of hostilities in Mexico is the fact that Gov. Cole Blaise will not be called to lead the South Carolina troops.

The National Democratic Club has elected Charles Murphy, the Tammany boss. The original action was merely for the benefit of the innocent bystanders.

When one considers that Congress has been in session a whole year, the ability of this nation to be perfectly happy under circumstances is eloquently shown.

One beauty of the California weather is that a woman can wander about with her wishbone and one drumstick exposed without any danger of taking pneumonia.

A prehistoric bone has been unearthed in Long Beach and everybody is guessing its origin. Probably belonged to the man who was able to agree with Mayor Wheeler.

The I.W.W.'s who are complaining of conditions in this country are worse off in Russia are informed that there is nothing holding them if they care to go to that country.

Link Steffen's disapproval of the arrest and conviction of Frank Tanenbaum, I.W.W. agitator, who led his followers in raids upon churches. Of course, per se, no crime.

If the worst comes let us remember, brethren, that the Panama Canal is ready this very minute. No fear of a postponement of the game on account of friends.

The fight for national prohibition which is in Peoria, Ill. As Peoria is the site of the biggest distilling operations in the United States, it probably means a hundred-year war.

The new spring hats, that consist of a bag and a thingamajig of wire and are covered with ribbons or other ornamentation, the last word in beauty—unadorned—unless you don't care what you say.

"Nurse O'Shaughnessy is expected to spend the week end here after having a delightful time at the hacienda of Y. S. S. an old-time friend, in the City of Mexico."—[White House correspondence.]

A number of applicants for citizenship in the United States District Court have been applied to have their names changed. Some of the commonest names are ridiculous. It will be recalled that Jeremiah Colbath had his name changed to Henry Wilson, and he became Vice President of the United States.

**I DID NOT KNOW.** I did not know that love could be so sweet and innocent. It was some thing. Red and magnificent.

It was as if my heart, a-wandering Superb and without care, through luscious blooms of love, had found a wild rose there.

Clear-eyed and wonderful, my dream back With old-time fantasies: Of country paths beside deep clover And garried old trysting trees.

It did not know that love could be so sweet and innocent. It was some thing. Red and magnificent.

—[Glad Madone, in April Atlantic]

**EMPLOYEES ARE INVOLVED.**

Likely in Juvenile Hall Scandal.

Evidence Uncovered by Detectives.

Corroborate Story of Girl Inmate.

The Probation Committee of the Juvenile Court was holding its regular meeting on the Juvenile Hall scandal yesterday, county who isn't afraid of the suffragettes has nothing to fear from the nihilists.

Suppose the country had ten years ago taken the Democratic advice and made additions to the American navy?

Has anybody heard the applause given the announcement of Jack Johnson that he was about to return to this country? No.

reported removal of superintendent and Mrs. Eby and others at the institution was not brought about, but the committee held the matter in abeyance pending a report from the District Attorney. The next meeting of the committee will be May 15.

**OUT FOR SUPERIOR JUDGE.**

City Prosecutor and Veteran of the Spanish-American War Announces Candidacy.

City Prosecutor George L. McKeeby, veteran of the Spanish-American War and for seventeen years a practicing attorney, announced his candidacy yesterday for a judgeship in the Superior Court. Since his appointment as City Prosecutor he has been unusually successful in his work, and his friends have been agitating his candidacy for several weeks.

In addition to his experience in private practice and in the City's Prosecutor's office, Attorney McKeeby has a record of merit as assistant United States attorney.

**AGITATORS GUILTY.**

Trio Arrested With Hobo Leader Because of Alleged Dynamite Plot, Admit They're Vagrants.

Mike Coyle, Jim Devine and Sam White, three of the men involved in the alleged plot to dynamite Los Angeles by dynamiting the public buildings, were arraigned before Police Judge White yesterday. All pleaded guilty to vagrancy charges.

Coyle was given a suspended sentence of 180 days, on condition that he leave the city at once. He left without getting his tobacco from the desk sergeant.

Jim Devine, an old soldier and Indian fighter, who was enlisted in the cause unwittingly, promised that he would forsake the company of the agitators and I.W.W. element and stay away from the incendiary soapbox shouters at First and Main streets.

Mike White asked permission to talk with the Russian Consul before entering a plea and his hearing was postponed.

"Major" Buck, who is already under a suspended sentence because of his undesirable connection with the tattered vandals of the "General" Kelly army, will be arraigned today. He will probably be remanded to jail to serve the original sentence of six months.

**NON SPI**

**The Old Original Guaranteed Remedy**

Every woman who has been harassed and annoyed by excessive perspiration should keep it on her bathroom shelf.

**Checks Perspiration Under the Arms Destroys All Odor**

Positively harmless. Used by thousands of women in this and other countries. Never fails. A case of 2 dozen half-pint bottles costs only 75c.

At all leading drug and department stores for a trial bottle.

Keep your cabinet clean, bright, sweet.

PASADENA.  
AWAITS DIVORCE  
TO WED AGAIN.

**Bohemian Life Appeals to One Cruelly Treated.**

**Fiance Counts for Much, but Is No Count.**

**Woman's Civic League Has Election of Officers.**

(LOCAL CORRESPONDENCE.)  
PASADENA, May 5.—As soon as she receives her final decree of divorce from William Bischoff, which will be next December, Mrs. Verde Hazel Lichty Bischoff, daughter of Mrs. Ruby A. Lichty of No. 144 North Fair Oaks avenue, intends to wed Otis Lichty, a Bohemian, who now resides in Pasadena, and go to Bohemia to make her home. This much she announced last night, though she was greatly incensed at a report that she was to marry a count.

"Mr. Lichty," she said, "is not a count, and never pretended to be one. He simply comes of a prominent Bohemian family and is related by marriage to a Russian family of nobility. I did not want to make any announcement until next December, when I shall receive my decree of divorce. But, since it is out—yes, we are engaged, and I do expect to go to Bohemia."

Mrs. Bischoff obtained her divorce on grounds of cruelty, which she declined to discuss last night.

Mrs. Lichty, the mother of the prospective bride, burst into the limelight several days ago, when she had her former chauffeur arrested, alleging that he had taken a diamond ring off her finger while they were riding in her car.

**IS CHOSEN AGAIN.**

Mrs. Robert J. Burdette was re-elected president of the Women's Civic League here yesterday at the El Morera, on North Euclid avenue. The other officers who were named are: Mrs. Lee G. MacLaughlin, first vice-president; Mrs. Clara Bryant Heywood, second vice-president; Mrs. Theodore Coleman, secretary; Mrs. Florence Dwight, treasurer; Mrs. F. G. Cruikshank and Mrs. S. B. Wetherby were elected members of the board of directors.

Reports were read that of the secretary showing that the league now has a membership of 212. Mrs. A. L. Hamilton, chairman of the Educational Committee, reported that 1000 copies of the address that was recently made before the league on the currency question by John Perrin have been distributed in the schools.

Resolutions were adopted expressing sympathy over the recent destruction of the Hotel Maryland by fire.

The league had long made it its custom to hold its afternoon luncheons at that hotel.

The organization was thanked by the Board of Education, in a letter read yesterday, for a donation of \$100 that was made for the purchase of material needed to carry on vocational work in the schools.

**CITY BRIEFS.**

Benjamin C. Strang, a local attorney, yesterday announced himself a candidate for justice of the peace.

Justice Dunham and Justice McDonald are candidates for re-election.

A number of property owners of Pasadena, under direction of Arthur H. Fleming, are seeking to raise funds with which to construct a handsome, ivy-decorated approach to the Colorado-street bridge across the Arroyo Seco on the Pasadena side. It amounts practically to the establishment of a small park there.

One hundred and sixty-eight students will this year be graduated from the Pasadena High School. Plans for the graduation are being made.

MISSING RAILROAD STATION  
SOUGHT IN BOTTOMLESS PIT.

(LOCAL CORRESPONDENCE.)  
SAN BERNARDINO, May 4.—The Santa Fe Railroad has completely lost a station and a search of two months has failed to develop any clues as to its whereabouts. Butler, a point in Los Angeles county between Duarte and Azusa, which was just about wiped off the map during the flood some time ago, is the center of the mystery.

The box-car depot, which contained the agent's office, telegraph equipment and other things, broke loose from its bearings when the San Gabriel flood came and disappeared from sight. A nearby gravel pit from which thousands of carloads of earth had been taken was completely refilled and the officials of the Santa Fe are inclined to believe that the missing station may be found under that mass of gravel. However, this search is almost given up for a steam shovel has just been dug from the bottom of the pit at a depth of twenty-six feet and no traces of the missing "station" were found.

Santa Barbara.

DISCARDED BY ANGELENO  
BRIDE, HE KILLS HIMSELF.

(LOCAL CORRESPONDENCE.)  
SANTA BARBARA, May 4.—Because his bride of only five weeks had left him and steadfastly refused to return to his home, Harry Hotchkiss, aged 28, today shot himself in the head. A few hours later he died in the Cottage Hospital.

Hotchkiss's married life was full of troubles, starting a few days after he was married. His bride was formerly Margaret Amati, a pretty girl of Los Angeles. They were married by a

commencement exercises have been completed. Rev. Robert Freeman will preach the baccalaureate sermon and the commencement address will be delivered by Judge Wilbur.

About 100 Pasadena veterans left yesterday for San Diego to attend the annual encampment of the Grand Army of the Republic there.

Hotel Vista del Arroyo, Pasadena. [Advertisement.]

**KING AND QUEEN ELECTED.**

South Pasadena Children's Carnival to Be Grand Affair—Mother Goose the Victim.

(LOCAL CORRESPONDENCE.)  
SOUTH PASADENA, May 4.—Antoinette Bush and Edgar Jacobs, candidates of the El Centro school, have been elected as the king and queen of the children's carnival, which is to be held May 15 and 16, by the Woman's Improvement Association at their new clubhouse, in the friendly contest which has been going on the last month between the schools.

The little monarchs will reign over the whole assemblage of Mother Goose and fairyland characters. Their royal robes will be ordered at once and the decorations of their thrones will soon be ready for the approval of the king and queen.

It is expected to make the children's carnival to South Pasadena what the annual flower show is to Sierra Madre. Mrs. George A. Crandall, chairman of the music committee of the association, is in general charge of affair, with a large committee assisting her. Elaborate costumes and scenery are being prepared. More than 100 children will take part in the festival, who will represent all the principal figures of Mother Goose stories. Special music will be arranged by Miss Esta Kite, soloist. Miss Adele Astman, pianist; the Cecilia Club, and the Boys' Glee Club of the High School, under the direction of Mrs. Emma Bartlett.

Removal Notice: The California Title Guaranty Company has moved from 223 West Third street, to 111 West Fifth street, ground floor, main entrance of Metropolitan building.

**YOUNGSTER LOST IN HIS OWN BED.**

(LOCAL CORRESPONDENCE.)  
ONTARIO, May 3.—While officers and neighbors searched the city yesterday for 3-year-old Robert Chaffee, reported lost, he was slumbering peacefully in his own bed at the J. M. Chaffee home, No. 411 West D street. Mrs. Chaffee alarmed first the neighbors and then the police. After searching for an hour or more with other officers, Patrolman J. P. Brogan decided to visit the house and try to secure a more accurate description of the lad. He was told at the front door that Robert had just been found fast asleep in bed.

And so, even while his father sat in the courtroom charged with a felony that might send him to the penitentiary, the father and his boy were together, clasping hands. While the lawyers argued the case, the boy lay in bed, fast asleep.

NAME IS CLEAR,  
FRIENDS CHEER.

**Millionaire Not Guilty of Larceny Charge.**

**Now Lives for His Son, Who Inherits Everything.**

**Tragic Life of a Stockman on Covina Ranch.**

(LOCAL CORRESPONDENCE.)

COVINA, May 4.—Cheered by 300 of his fellow-townsmen, E. F. Kleinmeyer, millionaire stockman and ranchman, was congratulated on every hand this afternoon after the charge of grand larceny against him had been dismissed following a sensational three days' hearing before Justice Wells.

Walter G. McCarthy of Los Angeles was the complaining witness and he alleged that Kleinmeyer had stolen a blooded mare from him. Kleinmeyer had sold a mare valued at \$500 and led it back into his own pasture.

The court held that there was no evidence to substantiate the charge and after being defended by a corps of brilliant attorneys the Covina man was cleared of the accusation.

Kleinmeyer is one of the largest real estate taxpayers in Southern California. Besides the 1440 acres of grazing land at Covina, he has 140 acres in the famous "damp land" district at El Monte and a section of bare land at Wilmington.

Kleinmeyer is a breeder of Percheron horses. His life has included some peculiar and features. His father was killed in a runaway of maddened draught horses in Iowa.

His wife was so seriously injured at Wilmington in a collision between Kleinmeyer's buggy and a street car six years ago that she died later from the injuries.

Teddy rides the vast range with him, often perched upon the pommel of his father's saddle. The house in which they live is little better than a cabin, and although the grizzled veteran horse-breeder is worth more in worldly goods than many a householder in the city's most fashionable residence sections, he sits at table with his son without luxuries.

His love for the little lad that is all that is left to him out of the horror of the Wilmington accident, is a pathetic passion that burns fiercely in the old man's eyes. He guards him from the harm that might come to him because of his delicate health, and watches over him night and day.

"Some day this will all belong to the boy," said the old recluse with a wave of his hand toward Buzzard's Peak, which rises in the center of the great Covina ranch. "He is all I have, and his mother gave him to me with her own hands just before she died."

And so, even while his father sat in the courtroom charged with a felony that might send him to the penitentiary, the father and his boy were together, clasping hands. While the lawyers argued the case, the boy lay in bed, fast asleep.

## Loves Horses But Not Enough to Steal.

Millionaire E. F. Kleinmeyer and son, Teddy. The father was cleared yesterday of a charge of grand larceny (horse stealing) at Covina, after a three days' preliminary hearing, and the 7-year-old boy was one of the principal witnesses.

SMITH MAY LIE DEAD  
IN NORTHERN GRAVE.

(LOCAL CORRESPONDENCE.)  
WHITTIER, May 4.—That Leonard Smith may be dead and buried in San Francisco is the belief of the Coroner there for today he sent a message to Landrum Smith, the father of the missing or disappeared son, saying that a young man who died there ten days ago answered in many respects the description sent by the parents here.

Reports from the North say that the body was found April 10 in a lake in Golden Gate Park opposite Forty-sixth avenue. That the dead man committed suicide was indicated by a gunshot wound in the head. The weapon was not found.

Smith and J. M. Randall took the Lark from Los Angeles tonight for the Bay City and they will investigate all the circumstances and identify

SUDDEN DEATH  
THEN INQUEST.

**Aged Angler Expires on Boat, Cause Undetermined.**

**Bell Buoy Ordered to Remove Vessels Clear.**

**Mayorality Investigation Not Been Seconded.**

(LOCAL CORRESPONDENCE.)

LONG BEACH, May 4.—A quest will be held tomorrow for an inquiry into the death of an o'clock tonight of H. C. Crocker, retired ranchman, aged 72, who was found dead on the lower deck of a tugboat about 200 feet from the pier about 200 feet from the pier about 200 feet from the pier.

Dr. Taylor, who examined the body after it was brought ashore, said he was unable to determine the cause of death. The coroner will hold an inquest tomorrow.

Ballard leaves a wife, son, and daughter. They have lived here for many years. He was an inveterate fisherman and pleasure boater. He was generally carried with him a fishing rod and a tackle box. He was found with a fishing rod in his hand.

**BELL BUOY ORDERED.**

Sudden Death,  
Then Inquest.

Aged Angler Expires on Pier  
Cause Undetermined.

Bell Buoy Ordered to Stern  
Vessels Clear.

Mayorality Investigation Has  
Not Been Seconded.

Long Beach, May 4.—An inquest will be held tomorrow morning at 10 o'clock on the death of H. C. Ballard, retired ranchman, aged 72, who died at No. 541 Locust avenue. He was found dead on the lower deck of the pier about 230 feet from the shore.

Ballard leaves a wife, son, William, and daughter, Mrs. Jeanette O'Brien. They have lived here two years. Ballard was an inveterate fisherman, passing many days on the pier. He was generally carried with him a well-filled wallet on these excursions.

## SPECIAL AGENT ARRESTED.

Official of Board of Medical Examiners Charged With Battery by San Francisco Physician.

San Francisco Bureau of THE TIMES, May 4.—Arthur J. MacDonald, a special agent for the State Board of Medical Examiners, was arrested yesterday at his home, No. 249 Merrimac street, Oakland, on the charge of battery, preferred by Dr. Homer C. Edwards, a physician with offices in the Westbank building. A warrant for MacDonald's arrest was issued by Police Judge Shortall. Dr. Edwards alleges that MacDonald brought a woman to his office and grabbed him by the wrist when he attempted to step outside to mail a letter.

Must Swap Hellos.

Court Rules Oregon Railroad Commission Can Force Telephone Companies to Interchange Business.

Portland (Or.) May 4.—An order issued recently by the Oregon Railroad Commission to compel the Pacific Telephone and Telegraph Company to interchange service with the Home Telephone Company in two hotels of Portland, was upheld today in the Federal District Court by Judge Bean. Judges Gilbert and Wolcott concurred.

The decision is far-reaching in that it specifically opens the way for the Railroad Commission to compel interchange of service between competing telephone companies in all cases where application therefor is made.

The Pacific Telephone and Telegraph Company has contested the order on the ground that it involved the taking of property without due process of law and that it violated the interstate commerce clause of the Constitution of the United States. In its decision the court holds their contentions not to be sustained.

Just in Time.

CONVICT PLOT IS DISCOVERED.

POLSON LONG-TERMERS WORK MONTHS ON SCHEME.

Fellow-Prisoner of Los Angeles Robber and San Joaquin Burglar Gives Away Plan to Capture Warden and Escape Disguised as Surveyor With Imitation Instruments.

SACRAMENTO, May 4.—An ingenious plot on the part of four convicts in Polson prison to overpower Warden J. J. Smith in the basement of the new residence that is being built for the warden at the prison and then make their escape was uncovered Saturday night, through the friendship of another convict, who tipped off the plot.

The convict at the head of the proposed break were George Greenwell, doing five years for burglary, from San Joaquin county, and Norman Bateman, doing ten years for robbery, from Los Angeles. With the assistance of Convicts E. F. Johnson and E. B. Croft, a noted forger, they were to "strong-arm" Warden Smith and Eugene Rush, superintendent of construction of the warden's residence, yesterday morning, change clothes with them and ride out of the prison in a carriage.

In order to have Warden Smith completely at their mercy the convicts had made an armed belt that they wore to put on him. This belt was so constructed that a slight pull of a string attached to it would send a sharp knife into the warden's body. This method was to be taken in forcing Smith to do their bidding.

The convicts then were to force the warden to order a carriage that would take them out of the prison on a supposed surveying trip. The surveying outfit, tripod and improvised instruments, had already been made.

This work alone, it is estimated, must have taken several months. The warden, when he learned of the plot, locked the men up.

KESABY CHIEF CLERK.

Former Traffic Assistant of Sacramento Telephone Company Appointed to Job on Civil Service.

SACRAMENTO (Cal.) May 4.—Edward Kesaby, formerly assistant to the traffic chief of a telephone company of Sacramento, has been appointed chief clerk to the State Civil Service Commission in place of George Keyston, resigned. Kesaby passed third in the chief clerk's examination. The salary is \$125 a month.

Is Sickness a Sin?

Excess in eating, drinking, smoking, working, even excessive anger, overloads Nature and is sinful. When she falls behind in her work, the mucous membrane of the mouth sends you notice by a coated tongue and slimy taste.

The whole mucous lining of your body is similarly coated and the bad taste and coated tongue are warnings that the bile, Nature's disinfectant, flows freely and that the blood is taking up the toxins or poisons.

The Mucosa, as it is called, must be cleaned—your blood must be disinfected—and a free flow of Nature's own disinfectant, bile, is the only genuine relief.

Podolax Releases the Bile.

Your father and his father took Podolax or May Apple Root in their day to release the bile. And it did it—but the doing doubled them up with pain. The griping was intense—no, mollycoddle laxatives came into use and they failed to deliver the bile.

Podolax is a Podophyllin formula with the gripe and nausea taken out. Every child takes it without grimace. It costs 50c per bottle and is entitled to a place in every home. As the reasoning member of your home, it is your duty to investigate these statements. Ask for Podolax—the man who offers you something else questions your judgment.

## M'Carthy TELLS ABOUT PLANADA.

Lives Once More in Glorious Promoting Past.

Gives Travelogue to Holders of Investment Stock.

Berates Company for Refusing to Buy Him Out.

J. Harvey McCarthy, sometime promoter of Planada and president of the Planada Development Company, lived over the past last night, and once more became the idealist, the dreamer, the builder of a Merced metropolis.

To 1000 stockholders of the Los Angeles Investment Company he appeared in his old role of empire-builder, out of whose creative genius was to spring a city in the midst of a desert, a prosperous thriving community pulsating with traffic and industry and supported by a back country of orchard, field and garden by Judge Bean, Judges Gilbert and Wolcott concurred.

The decision is far-reaching in that it specifically opens the way for the Railroad Commission to compel interchange of service between competing telephone companies in all cases where application therefor is made.

The Pacific Telephone and Telegraph Company has contested the order on the ground that it involved the taking of property without due process of law and that it violated the interstate commerce clause of the Constitution of the United States. ## Had Tuberculosis of Glands—Now Well

Glaucoma Tuberculosis has yielded to Eckman's Alternative when other remedies failed. Read what it did in this case:

"Gentlemen: In March, 1909, my doctor pronounced my case 'Tuberculosis of the Glands,' and a number of operations in a hospital failed to benefit me. In the meantime a friend of mine advised Eckman's Alternative. The wounds in my neck were full open and in a frightful condition when I started to take it. After using two bottles I found I was improving. Having gained weight, could eat and was able to sleep. I continued using it until I was well. On November 11, 1910, I started to work, and since that time have not lost one day's work through sickness. I highly recommend Eckman's Alternative to any one who is suffering from Tuberculosis. (Abbreviated.)

JOSEPH H. WHITE. (Abbreviated.) Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Sold by The Owl Drug Co. and leading druggists. Write Eckman Laboratories, Philadelphia, Pa., for booklet of references.

which McCarthy was accused of being antagonistic to the old and new regime because of his failure to induce either or both to make good the losses on his Planada nightmare.

Former Member of County Board of Education Announces Candidacy for Superior Judge.

Announcement was made yesterday by George A. Boden, former member of the County Board of Education, of his candidacy for judge of the Superior Court.

For nine years Boden, a Native Son, has engaged in the practice of his profession, graduating from the University of Southern California Law School in 1905. He secured his education in the public schools of Kern county, where he was born in 1874. For ten years he taught in the public schools of the State and for six years was principal of a Pasadena grammar school. Two years of this time was spent in serving the county as a member of the county Board of Education.

He resides at No. 135 South Chester avenue, Pasadena, and has offices at 618-19 California building.

The meeting was really devised as an answer to the charges against McCarthy and his associates made at a recent meeting in Blanchard Hall, in

Company and two other firms. The Valencia orange crop since the field will be a large one, and the yield all that could be asked, considering the development of the trees having been most favorable during the entire season. The growers are also optimistic regarding the prospects of the orange crop for the season of 1914.

have marketed their seed and thus a better average of the market has been obtained by local buyers. The navels yet to be marketed should bring the valley over \$1000 a car.

There are sixty carloads of seedlings from this district and 500 cars of seedlings later. The first seedlings were made in 1904.
